

GREAT LAKES FISHERIES SCIENCE TRAINING (FST) WORKSHOP IN POPULATION AND ECOSYSTEM DYNAMICS

JULY 30 THRU AUG 5, 2022 | AEL.OSU.EDU/FSTWORKSHOP

Application Questions

Please find below a list of long form questions that you will be asked in the application for the Great Lakes FST Workshop in Population and Ecosystem Dynamics. Use this list of questions to help you prepare your answers so that you may more easily enter them (or simply paste them) into the online application form, more information here: ael.osu.edu/FST-application-info

Why are you interested in or what attracted you to apply to this workshop?

WORK/VOLUNTEER EXPERIENCE: If you have been working or volunteering, while in school, please tell us more about your experience. For example, where do you work/volunteer, how many hours per week, what skills do you believe you have learned?

PERSEVERANCE: Describe a time when you have faced a difficult academic challenge or personal hurdle that you successfully navigated. What was the challenge and how did you handle it?

RESEARCH: (Research Experience is not required to apply for the workshop.) If you have had any experiences with research (in class, in a lab, or at work), please share them here. What was particularly interesting to you? What did you learn? If you haven't had research experience, what excites you about research or this workshop?

LEADERSHIP: Outside of your academic experiences, can you share any leadership roles or community service experiences you have held in your community, workplace, religious institution? Were there any accomplishments related to this experience that you are proud of?

We realize you are more than the sum of the information from the questions above, so you will also have a space to share with us anything else about yourself that you think will help us better understand the information you provide, better understand who you are, or better highlight your fit for this workshop.

You will also be asked to list all college-level math and science courses which you passed and the name and email of one reference.
